

# cause con

## Email Draft

I wanted to invite you to Cause Con 2018 in Kansas City.

Jesus cares about what we do for a living, our vocations, our calling, and how we spend our time. We know that there are lots of things worth our time and attention but we believe that the Kingdom of God really is the cause worth living and dying for.

Cause Con is an opportunity for young adults (18-30) to explore what it really means to live like the Kingdom is our cause, to ask tough questions and to dialogue with other young adults about your dreams for your lives and the church.

The conference will be held at the Vineyard of Overland Park on April 12-14 2018. It will include sessions about vocation, calling, and leadership, TED-style talks from folks living out in the kingdom in their careers, and transforming worship and prayer.

I think this would be a great fit for you!

Cost is \$65 before March 12 or \$85 after and you can find out more info and register at [www.causeconference.com](http://www.causeconference.com).
